To Whom It May Concern,

I had the pleasure of working with Ali Emre Aksoy since January 2019 and I am glad to be still working with him together. As our associate, he has demonstrated his outstanding skills in management and customer services. As his manager, I am happy to be able to provide this recommendation for such a deserving coworker and student.

Considering all the challenges and problems that we have to overcome, not only in our daily basis but on the long run as well, he has proven his exceptional skills in team working, problem solving, and practical thinking. In addition, he can stay remarkably focused under pressure, possesses inspiring analytical thinking skills, and provides motivation for his associates. He is honest, trustworthy and passionate. He can inspire other people and he is a good team leader. He is notably creative when trying to find solutions. But the most impressive skill he has is that he doesn't give up: When he makes his mind on something, he works truly hard until he achieves it. These skills make him an ideal candidate for the Business and Management program.

Beyond work, he is a good, reliable, kind friend. He always shows respect to the community that he is part of. He demonstrates a mature mindset which inspires his peers. In addition, he has a global mindset as well, respecting all cultures and human differences. He shows excellence in all that he puts his mind to, whether planning an organization, making a presentation, or leading an activity.

In conclusion, I would highly recommend Ali Emre Aksoy for your college and I am sure that he would make valuable contributions, both inside and outside of classroom. He has my highest recommendation. Should you have any questions, please do not hesitate to contact me.

Yours Sincerely,
